## MIZPAH HOTEL MANAGEMENT CHANGES WITH RETIREMENT OF THE POPULAR BOB GOVAN

The Mizpah management will change hands tomorrow when Joe White who has been identified with the Mizpah Buffet, and his partner in the same enterprise, George Hickernell will assume full charge of the house. Joe White is one of the most popular young men in the camp who has shown a progressive spirit in the management of every business with which he was connected since coming to Tonopah. Mr. Hickernell, hails from Millers where he is one of the leading citizens and one of the most enterprising men of the milling center. Messrs White and Hickernell have taken a lease on the entire property and propose to conduct it as a first class house to which they will give the benefit of their personal attention. They have already begun the task of renovating the upper floors and will continue the whole house has been overhauled and many of the rooms and suites refurnished. The new lessees will hold the patronage through their personal popularity.

The change marks the retirement of R. J. Govan, dear old "Bob" and who does not love him—from the field of activity he has so long and worthily occupied in Tonopah where he has been the central figure in every movement having for its object the betterment and advancement of the camp. "Bob" has been a prominent figure here ever since his coming from Alaska in 1904. At that time the famous corner of Brougher avenue and Main street was occupied by the old Mizpah Bar with the Mizpah Grill adjoining and where the best elements of the camp used to foregather and discuss the sensational development of the mines. When Tonopah became ripe for a first class hotel Bob and the Brougher brothers, H. C. and Wils, and the late senator George Nixon, got together with the result that plans were adopted for the present building which was erected at a cost of approximately \$85,000. The hotel was designed to accommodate a bank on the corner and fireproof vaults were built with that end in view but when it was decided to make a change, the vaults were converted into rooms for hotel use at the rear of the office. The opening of the Mizpah will long be remembered as one of the red letter days of the camp and the event was long after referred to in the eastern press as

one of the spectacular events of the newly opened desert country. The best wishes go with "Bob" Govan who will seek rest and recuperation in California but he will not be numbered with the missing for he will find it necessary to make frequent visits to Tonopah in looking after his mining and other interests. He goes for a deserved rest and his friends will always find him, as he has always been, one of the biggest and best hearted men who ever greeted a guest on entering his house. Bob is so well known as a generous Boniface accustomed to looking after the comfort of his guests that few know that at one time he was an engineer on the Northern Pacific road was drawing whole trainloads of millionaires towards the great northwest that finally caught Bob in its lure and drew him to Ketchikan and Juneau, where the most adventurous spirits of the world were to be found in the day that was day all day in the daytime and there was no night under the glare of the midnight sun. He spent six years in Alaska. Bob is also a director in the Tonopah Banking Corporation and is interested in a score of mining properties.

The Mizpah Grill will continue under the management of the Hinkel brothers who will be found courteous and obliging at that well known stand where they have established the reputation as princes of caterers.

The best of wishes accompany the new lessees of the Mizpah who need no introduction to the traveling public.

## LOS ANGELES MEN EXAMINE MINES

FORERUNNERS OF A BIG DEAL PENDING ON MANHATTAN PROPERTY

J. V. Priest, F. M. Cox and G. T. Stanley, all of Los Angeles, have been visiting Manhattan for the purpose of examining one of the big properties there with the intention of purchasing. It is reported that they found conditions all right and that they would report favorably on the proposition. The party travels in a big Marmon car that came through from Los Angeles to Goldfield in twelve hours actual traveling time. On the road between here and Manhattan the car gave a lively exhibition of speed and made the return trip in 54 minutes. The road record is claimed by E. H. McMurray who boasts that he negotiated the distance between the two camps in 43 minutes.

## PUTS A BULLET THROUGH TEMPLE

OWNER OF RED FRONT SALOON ON WATER STREET ENDS HIS LIFE

Charles Tornatori, proprietor of the Monte Carlo, Red Front saloon on Water street, committed suicide early this morning by sending a bullet through his head. The deceased had been out during the evening and appeared to be in an even temper and not manifesting any special depression but about midnight he returned to his own place and took a seat at a table. Then drawing a revolver of small caliber he thrust it into his mouth and fired one shot which passed out through the temple on the left side of the head. No reason has been assigned for the act but it is believed to have been the result of excesses and low physical condition as he had been indulging freely for the past month or six weeks.

Tornatori was 35 years of age and bore a good reputation but he did not appear to be successful in getting along with others for he was constantly entering into new partnerships none of which pleased him. An inquest will be held tomorrow.

## CARLOAD OF ICE RELIEVES THE FOUR DAY FAMINE

The reign of warm whisky, lukewarm suds and tepid toddlers is at an end for a carload of ice arrived this morning and everybody was happy in consequence. The drought became so great that the saloons were unable to supply the usual hot weather beverages and householders had to rely on their desert ice boxes to preserve food.

## PEACE ADVOCATE IS REPUDIATED

(By Associated Press.)  
BERLIN, (Via London) July 31.—The German official world is apparently not inclined to share the optimism which Nathias Erzberger exhibited in the recent interview he gave in Zurich and which burst in on Berlin today.

When The Associated Press correspondent inquired whether Herr Erzberger's presence in Switzerland and his announced ambition to sit at a table opposite Premier Lloyd George for the purpose of arranging a peace conference reflected the sentiments or authority of the German government, the foreign office replied that Herr Erzberger was traveling and talking in a private capacity.

## AMUSEMENTS

### BUTLER THEATER

Lenore Ulrich, the beautiful star will be at the Butler tonight in an unusual Indian picture, "Her Own People." In the early scenes of the picture, Miss Ulrich wears a very unique costume of beautiful white fawn skin, trimmed with beads, porcupine quills and deer teeth. The dress was loaned Miss Ulrich by Edward H. Williams, a noted collector of Indian relics and it was originally intended to be the bridal dress of the daughter of a chief, having been made by a woman of the tribe. Two days before the wedding ceremony was to be performed the bride-to-be was killed in an accident and the dress was never worn. Miss Ulrich also displays a number of the latest creations in school girl's frocks and evening gowns in the scenes where she attends the fashionable boarding school and later on when she comes into her own as one of Washington's most wealthy society girls. Tomorrow "Womanhood, the Glory of the Nation" featuring Alice Joyce and Harry Morey as well as having an all star cast. This is an eight reel production.

## FIRST CALL ON THE ARMY DRAFT

CONSCRIPTS MUST APPEAR FOR PHYSICAL EXAMINATION ON MONDAY

The Nye County Exemption board sent out its first fifty notices last night and will follow them with another fifty this evening and another tomorrow making the total call on the first draft unless it is found that the results are far less than expected. At Washington it is held that by calling a double portion that the requisite number will be secured but, here, some good judges, say that the exemptions for disability will be greater owing to the number of men who have suffered injuries in the mines. This remains to be seen. In this connection it is necessary to explain that the loss of the trigger finger does not constitute disability.

The first session of the board will be held Monday at the courthouse when the physical examination will begin with Dr. Masterson, county physician in charge and at least one other member of the board present. After this the candidate is accepted

## Wonderful Soda-- That's what they all say

—and why wouldn't they say it? It certainly is the most wonderful soda we have ever seen, and probably the very best soda that can be produced today. That is the reason. First, purity of ingredients, then careful manipulation, then a sanitary fountain and the cleanest and nearest service. That's what makes it good. That should appeal to you, and induce you to meet and treat at our fountain, now and for the balance of the summer. Any flavor you want; all the old-timers, and the newest ones.

One thousand men are wanted for the aviation service and those who think they can fill the rigid requirements of this branch of the service are urged to call on Frank Koyle, the recruiting officer at the post office. The list is open for five days only. The draft will not interfere with any one enlisting in any branch of the service and four eligibles have already signified their intention to join the army. Officer Koyle is occupied on the last two days of the month making out his reports and therefore does not need out and recruit on these days. By Wednesday he will be back in the ring ready to entertain all applicants.
